PREMIUM HARDWARE

# Aero

Simplicity in form, texture in detail

A sculptural door handle where clean lines meet an organic perforated pattern.

Crafted to catch light, cast shadows, and elevate modern entrances with quiet confidence.

Designed for contemporary architecture, built to endure, and finished to perfection—because the first touch should say everything.

**Sizes:**

- 30 cm
- 60 cm
- 90 cm
- 150 cm

# Luna

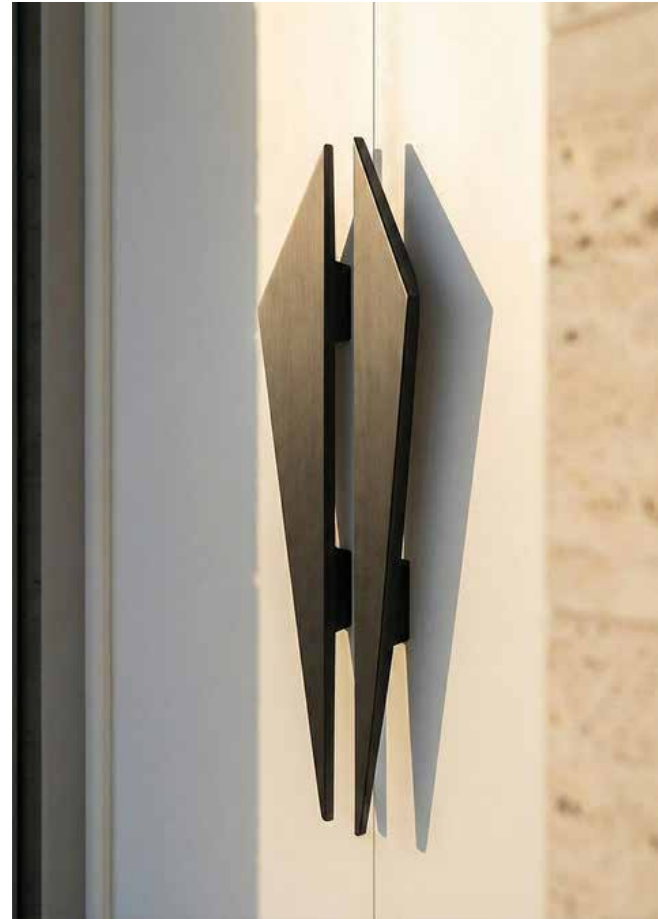

A handle that becomes a design statement.

Precision crafted in premium aluminum, this circular handle blends seamlessly into doors and furniture, transforming function into architectural detail.

Designed for residential spaces, adaptable to multiple supports, and built to last because the smallest elements define the strongest impressions.

**Sizes:**

- 30 cm

# Trylogy

Symmetry in its sharpest form

A geometric masterpiece designed to stand alone or mirror its counterpart in a perfect architectural diamond.

Defined by its bold, angular silhouette and matte finish, Trylogy turns every entrance into a structural statement.

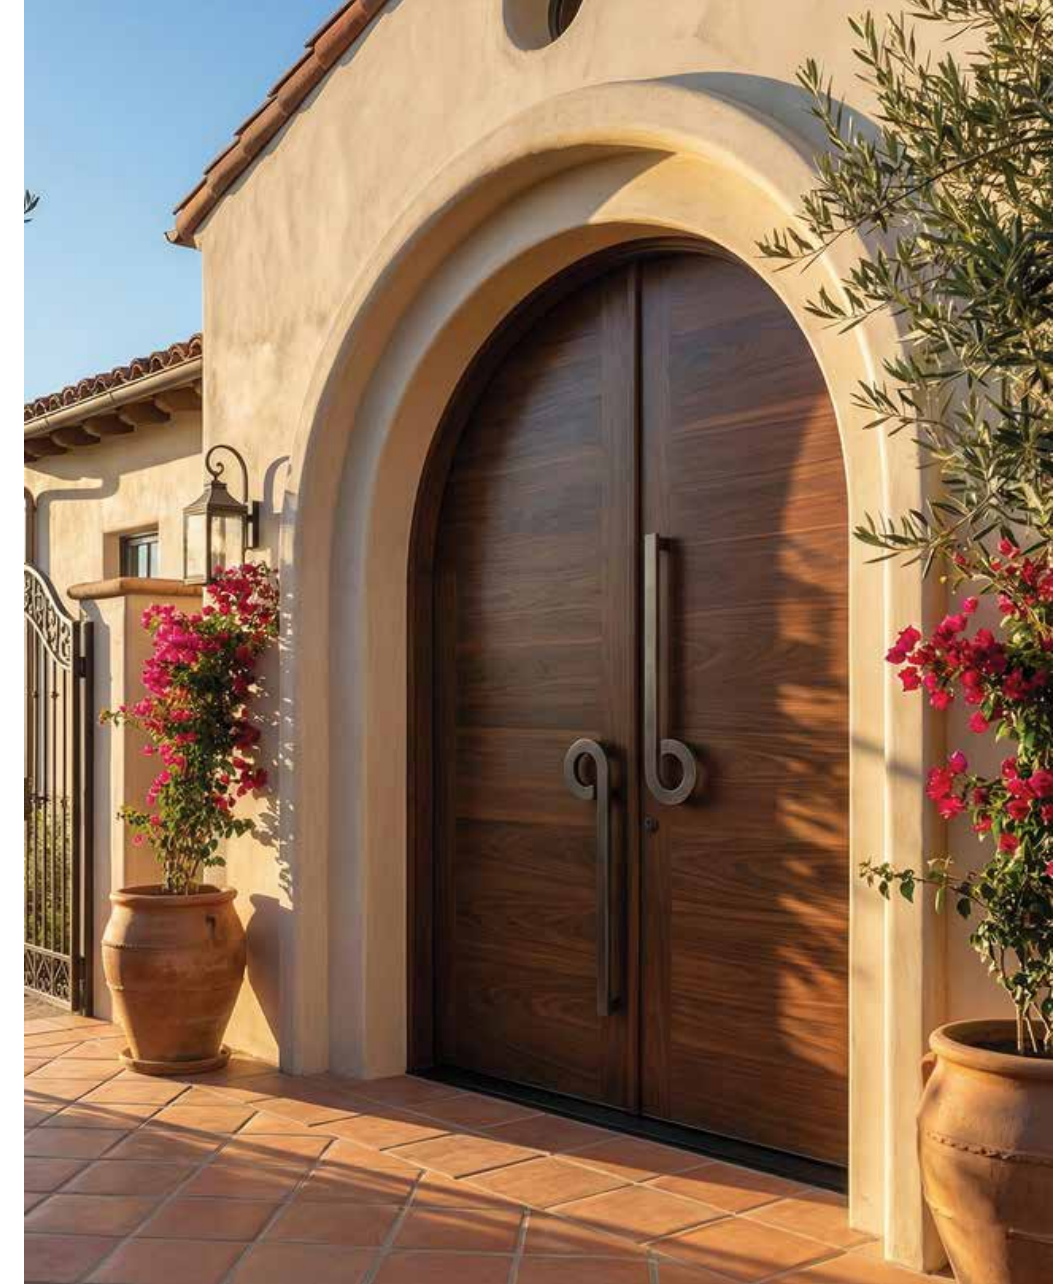

**Sizes:**

- 15 cm
- 30 cm
- 60 cm
- 90 cm

# Solys

Design without a fixed direction

Crafted from precision aluminum, its linear form and soft curves allow multiple installation positions, adapting to different doors and design visions.

Bold yet refined, SOLYS brings flexibility, balance, and architectural character to modern interiors.

**Sizes:**

- 60 cm
- 90 cm

# Prisme

Structured rhythm, shaped by perspective

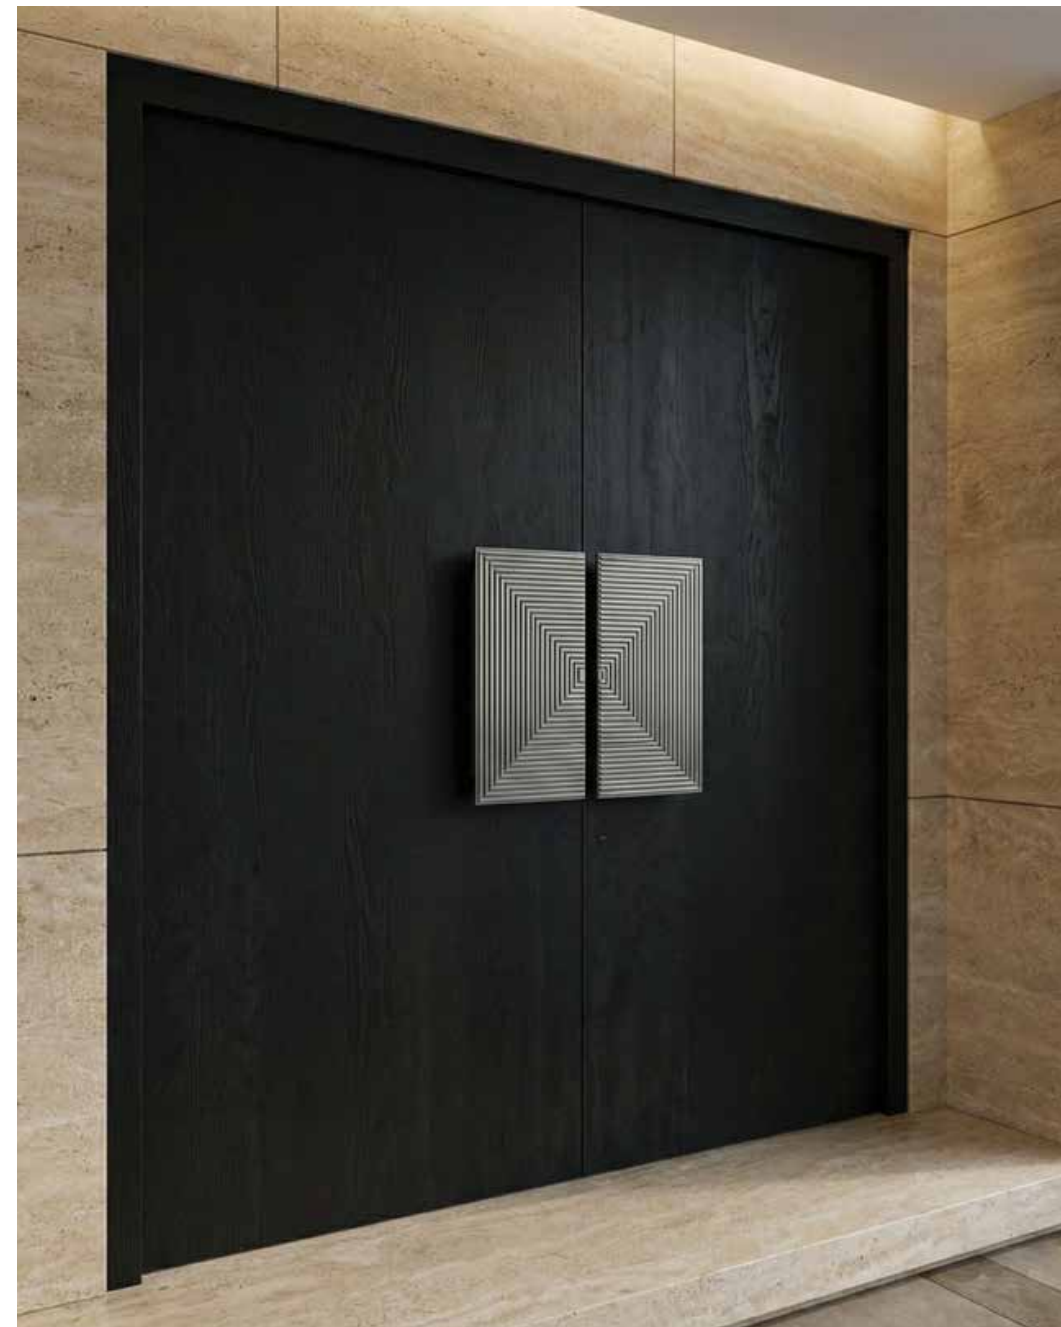

A sculptural statement piece where sharp geometry converges into a mesmerizing focal point.

Designed to bring a tactile, architectural edge to contemporary entrances, Prisme balances heavy, premium craftsmanship with the illusion of infinite depth.

Built to endure and finished to perfection—because true design draws you in.

**Sizes:**

- 30 cm

# Solaria

Shaped by light, defined by texture

A sculptural door handle where stepped lines trace a subtle arc, creating rhythm, depth, and movement.

Precision-crafted to interact with light and shadow, Solaria elevates modern entrances with warmth, balance, and quiet sophistication—because design lives in the details you feel.

**Sizes:**

- 15 cm
- 30 cm

# Lotus DH

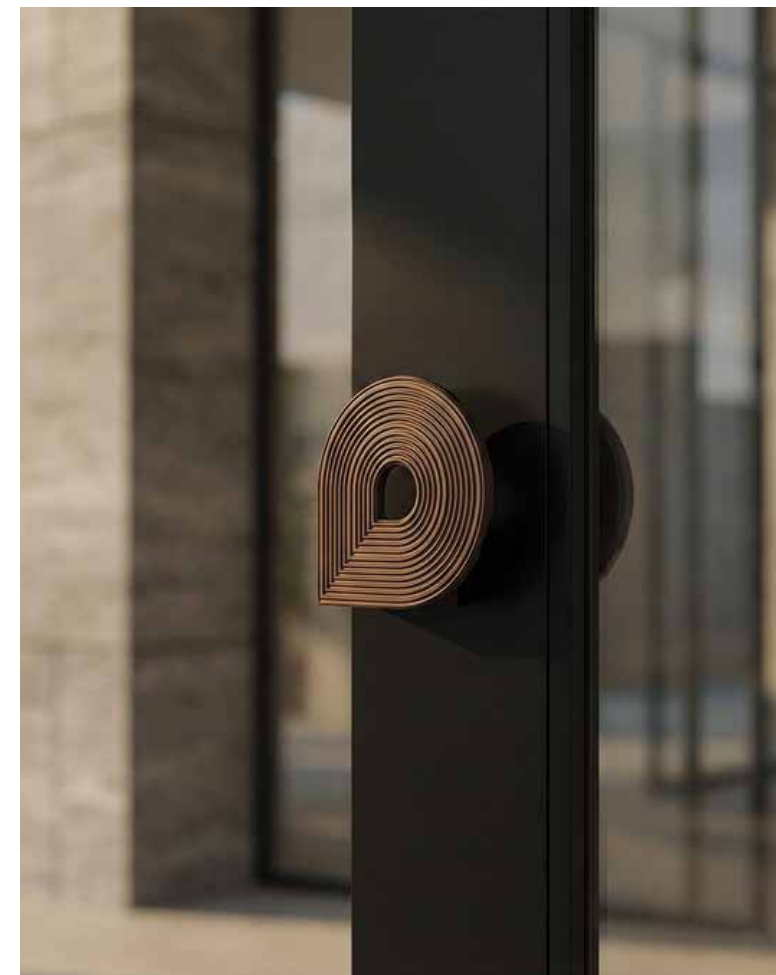

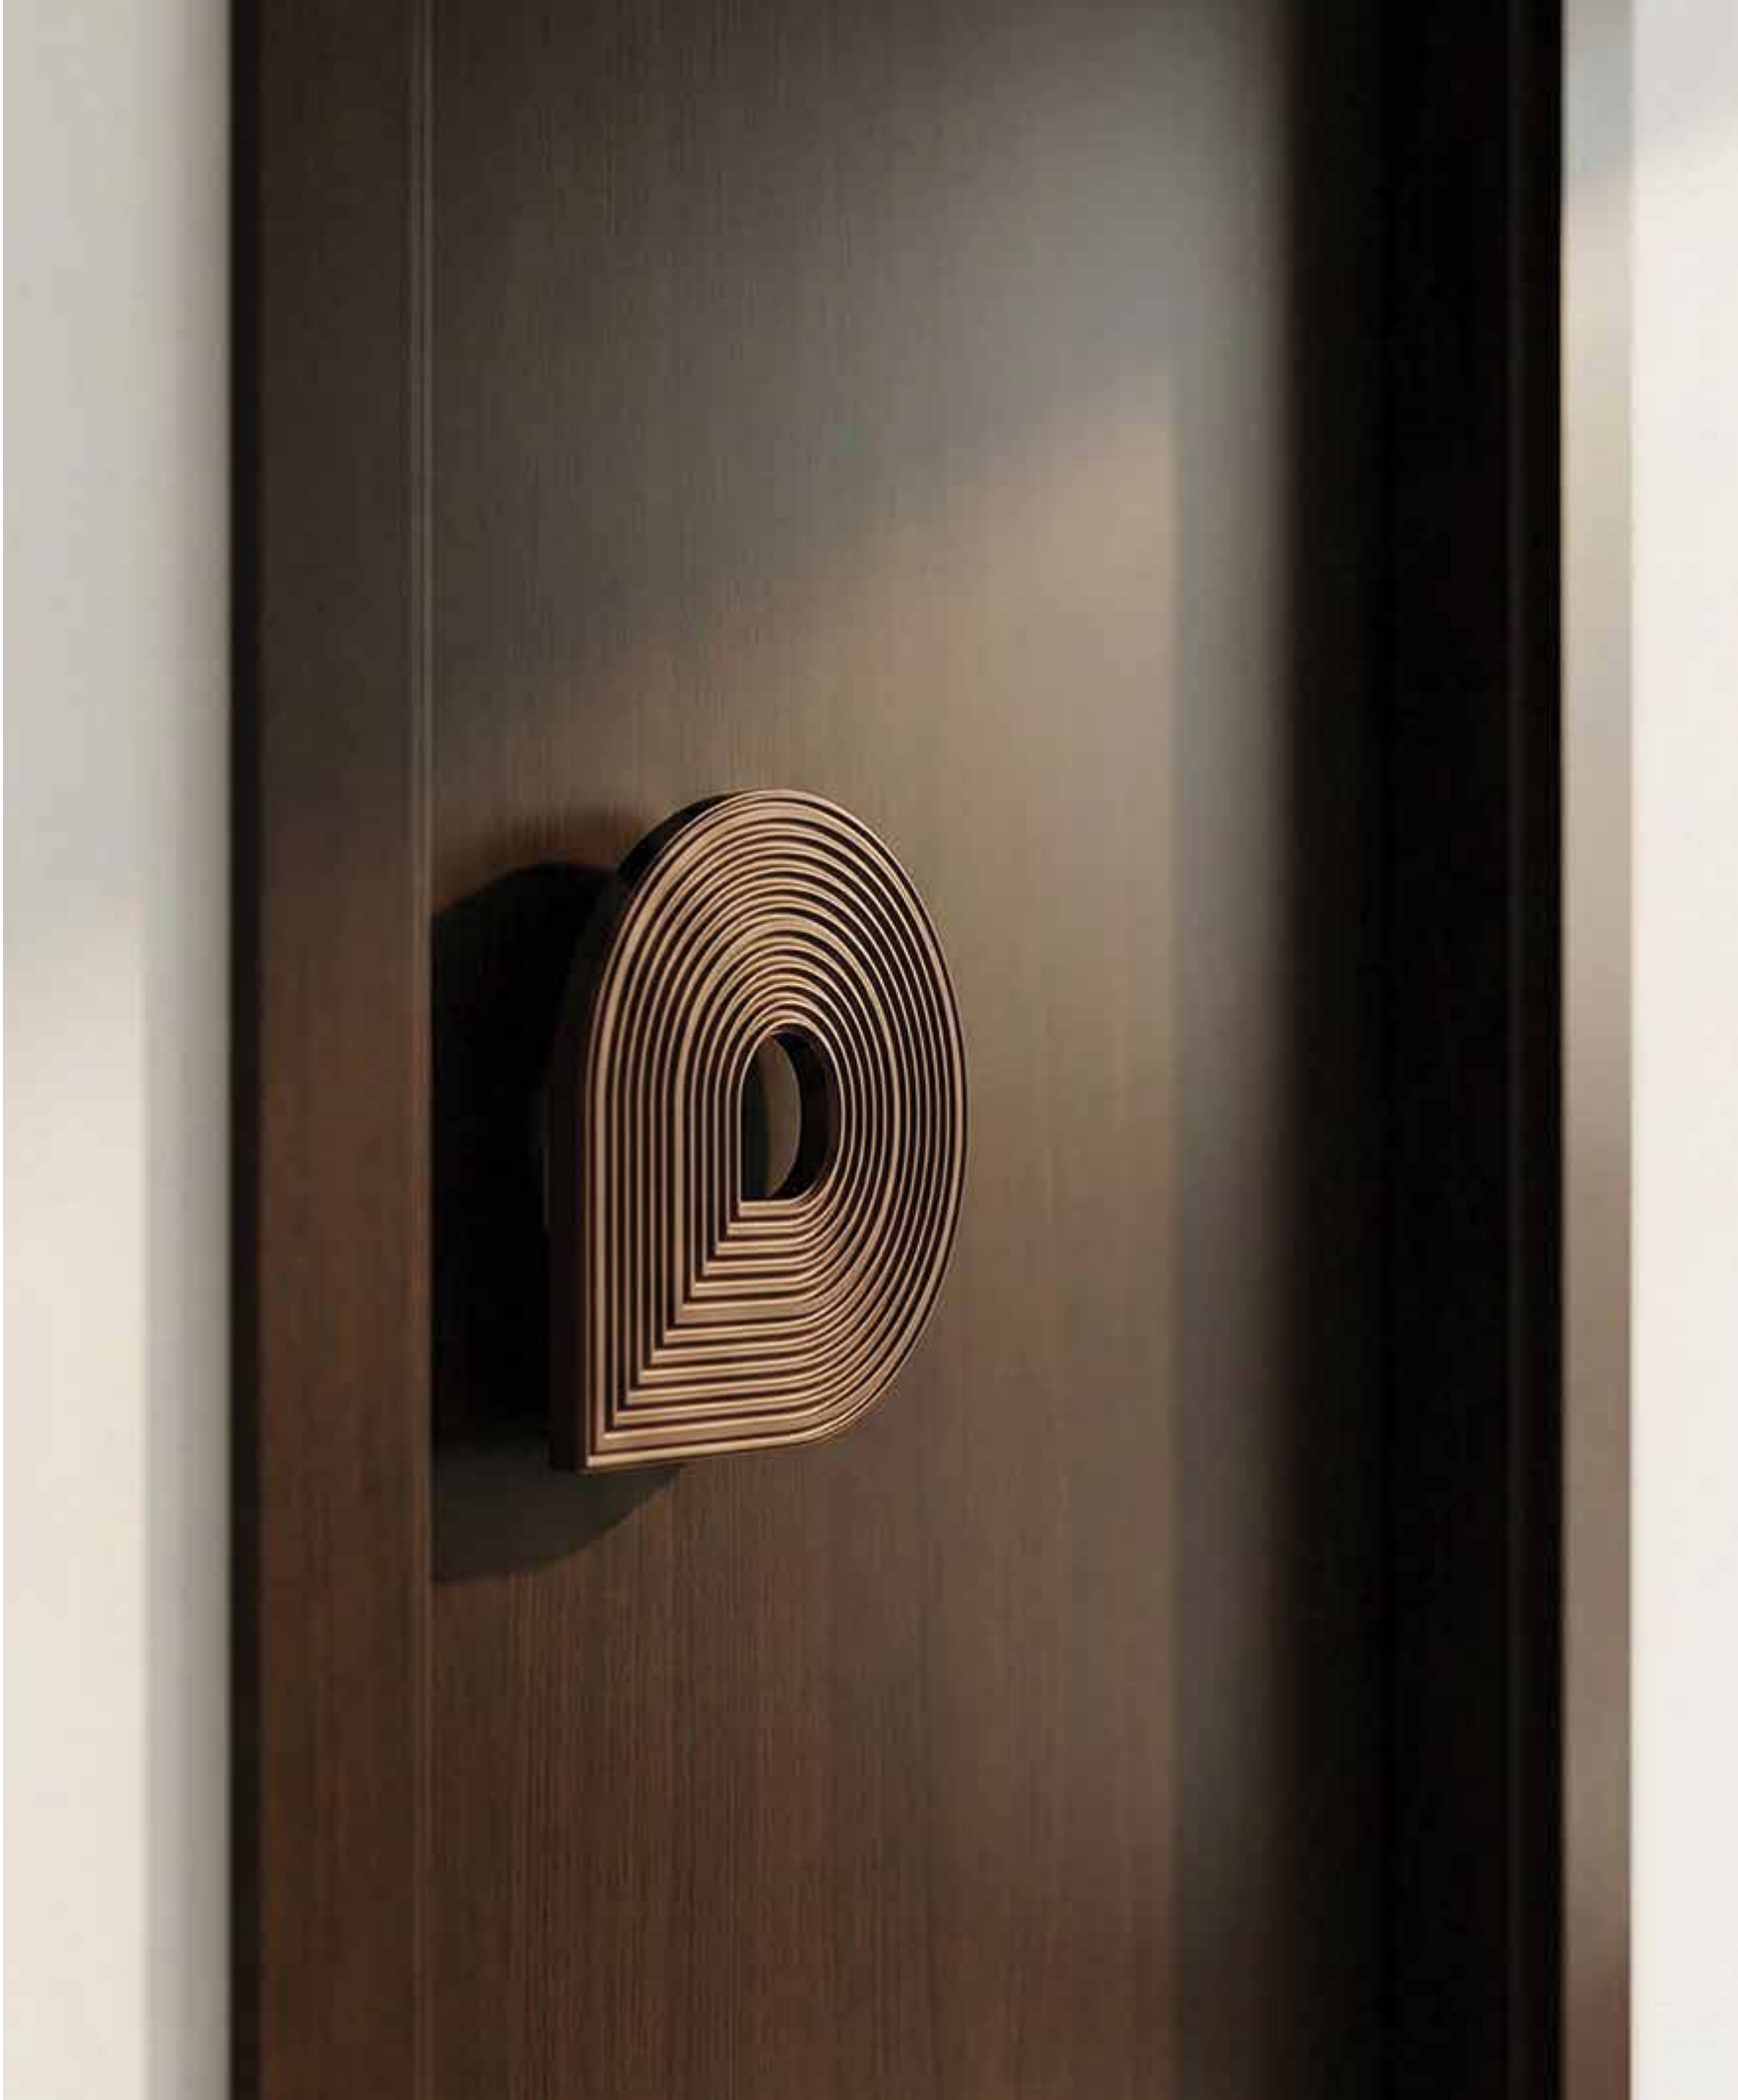

Organic form, defined by concentric rhythm

A sculptural door handle where layered lines ripple outward from a striking core.

Crafted to capture light within its stepped grooves and cast mesmerizing shadows, Lotus elevates modern entrances with grounded warmth and fluid elegance because a grand entrance begins with a captivating touch.

**Sizes:**

- 14,5 cm

# Equinox

Where lines align

Defined by precision and rhythm, Equinox transforms linear geometry into a sculptural door handle. Its layered contours and refined texture create depth, while the elongated form brings balance and presence to modern entrances.

Crafted to integrate seamlessly with architectural surfaces, Equinox is more than a handle—it's a statement of proportion, material, and intent. Designed to endure, made to elevate.

**Sizes:**

- 90 cm
- 150 cm

# Serendipity

Where form flows into function

Sculpted from precision-crafted aluminum, Serendipity is more than a touchpoint - it's a statement.

Its fluid geometry and refined finish elevate doors and furniture into expressive architectural elements.

Designed for modern residential spaces, adaptable across applications, and built to endure because true luxury lives in the details.

**Sizes:**

- 90 cm
- 150 cm

# Eclipse

Infinite curves, shaped by tactile precision

A statement piece where segmented geometry creates a continuous, mesmerizing flow.

Designed to perfectly anchor grand double doors, Eclipse balances heavy, premium craftsmanship with a sleek, contemporary silhouette.

Built to endure and finished to perfection—because true design draws you in from every angle.

**Sizes:**

- 30 cm

# Spectre

Presence through precision

A circular door handle defined by concentric textures that draw the eye inward.

Sculpted to interact with light and shadow, Spectre balances bold geometry with refined detail, transforming every touch into a quiet architectural moment, where minimal form leaves a lasting impression.

**Sizes:**

- 15 cm

# Luna Calligraphy

Where heritage meets the horizon

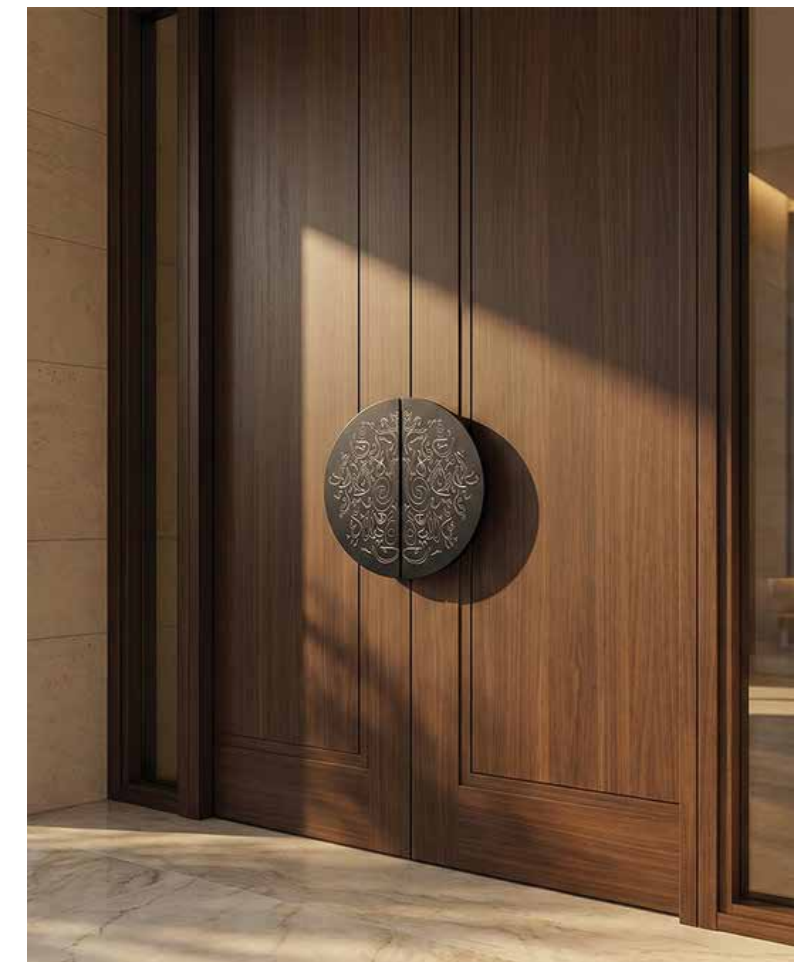

A circular masterpiece defined by the fluid rhythm of hand-etched script.

Luna balances the bold, matte geometry of modern architecture with the timeless soul of calligraphy.

It is more than a handle, it is a tactile dialogue between the past and the future. Transform the entrance into an experience.

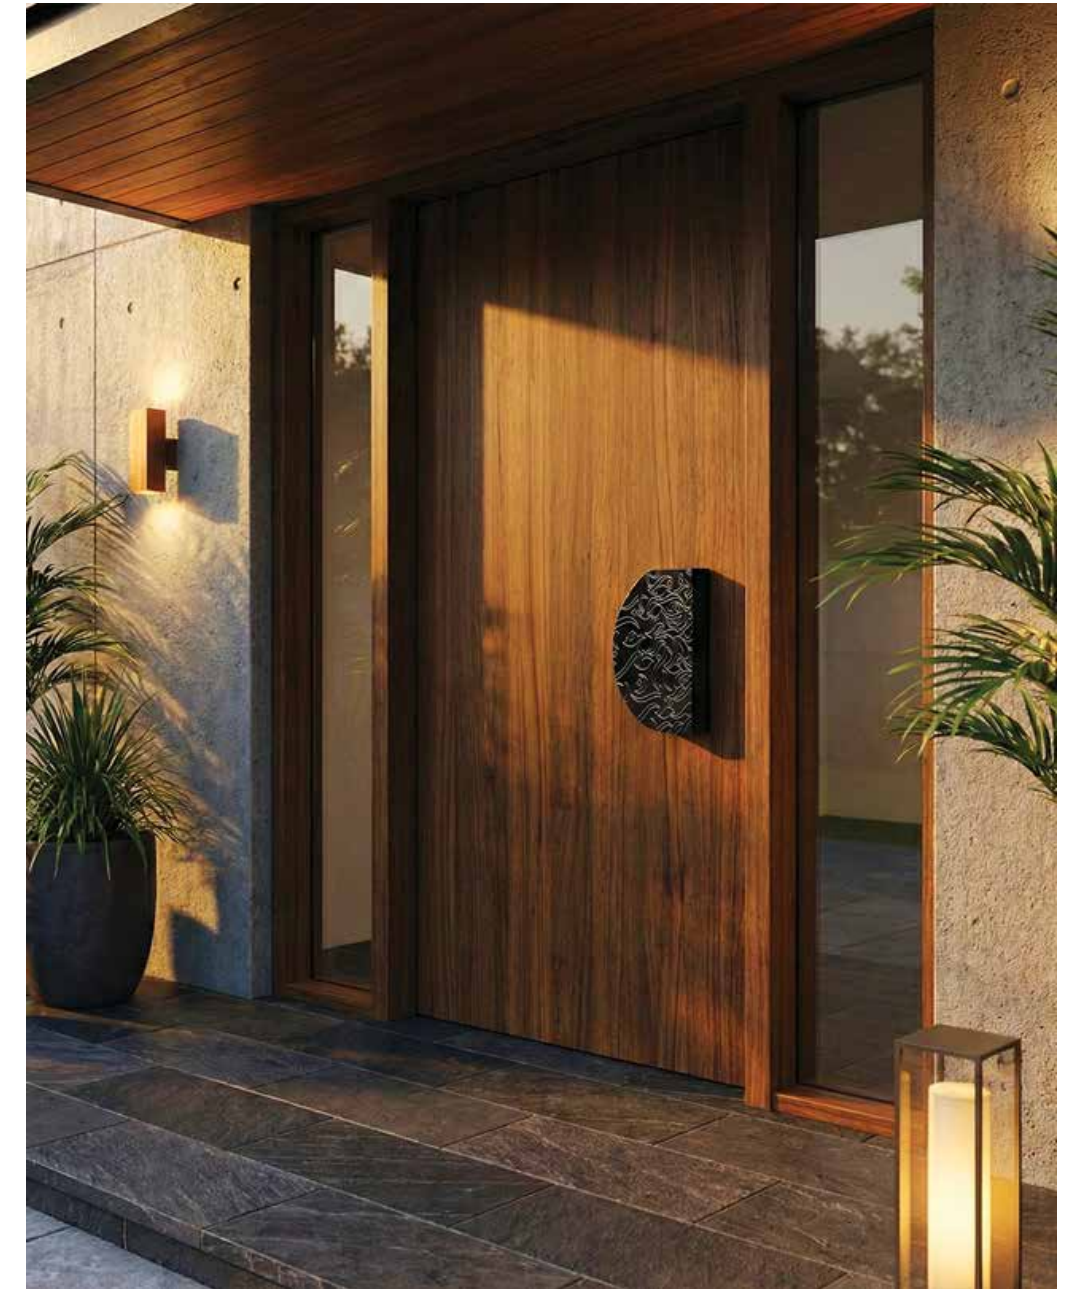

**Sizes:**

- 30 cm

# Aura Calligraphy

The Art of the Entrance

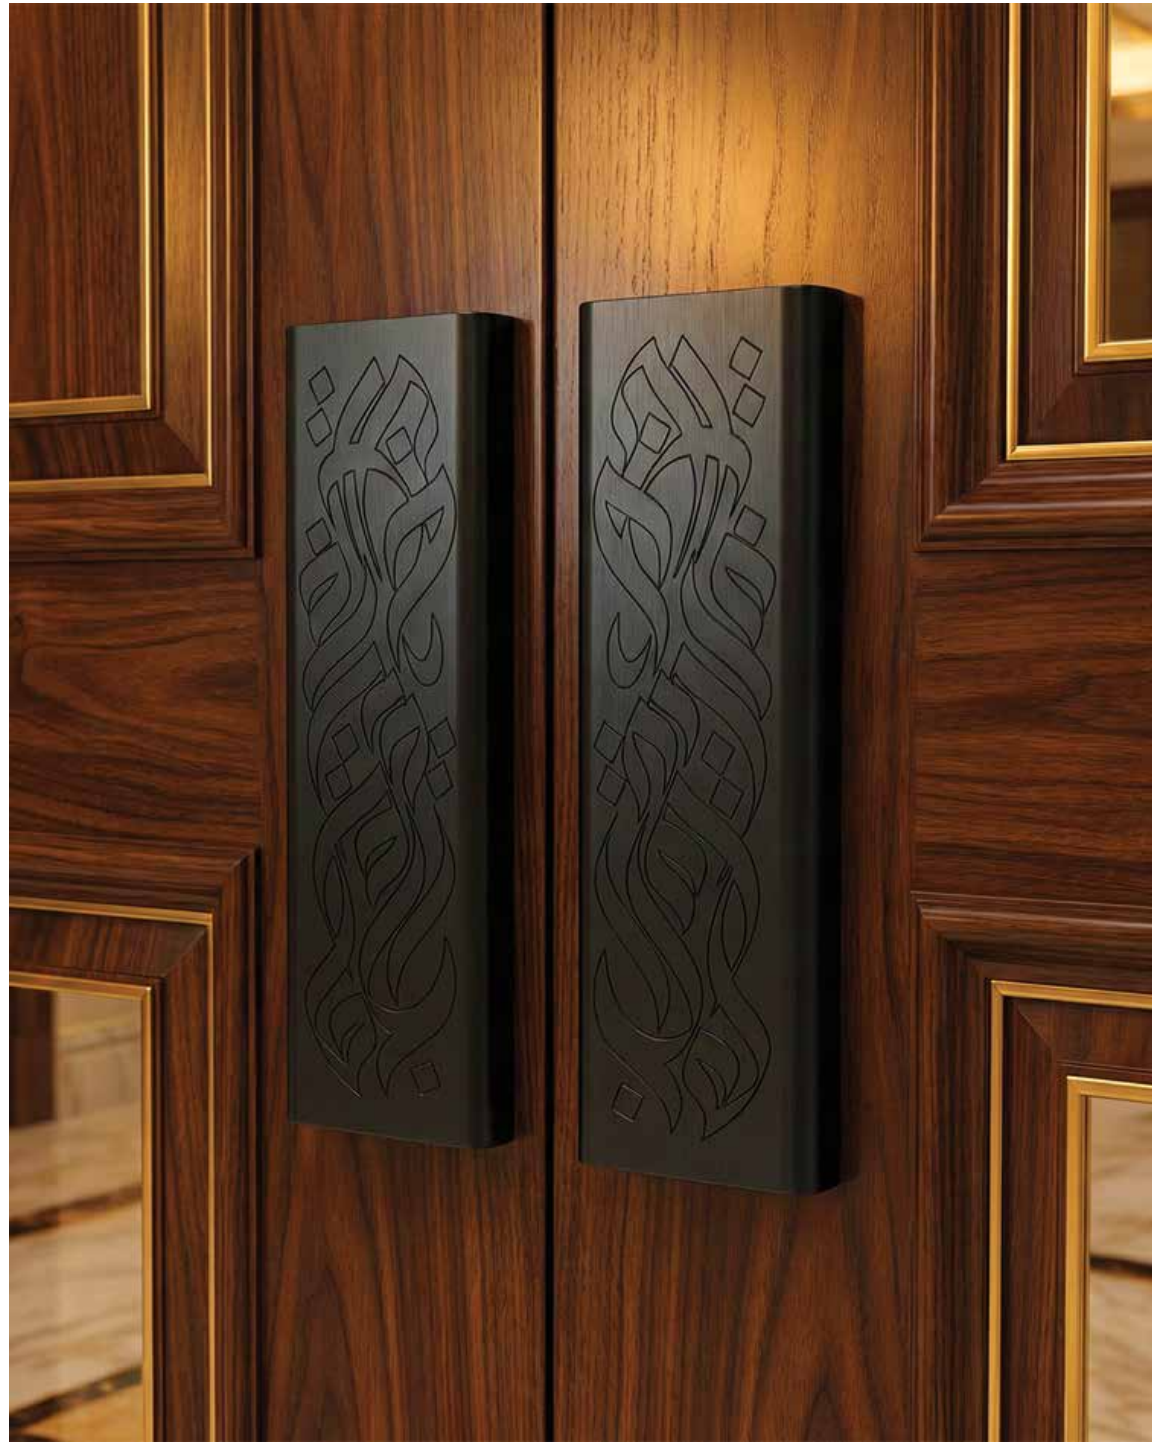

A bold, semi-circular statement featuring intricate Arabic script etched into a refined matte finish. Balancing architectural weight with poetic fluidity, it transforms the modern entrance into a gallery-worthy experience.

**Sizes:**

- 15 cm

# Sierra

Tradition reimaged in form

A bold architectural handle enriched with flowing calligraphic lines, blending tradition with contemporary precision.

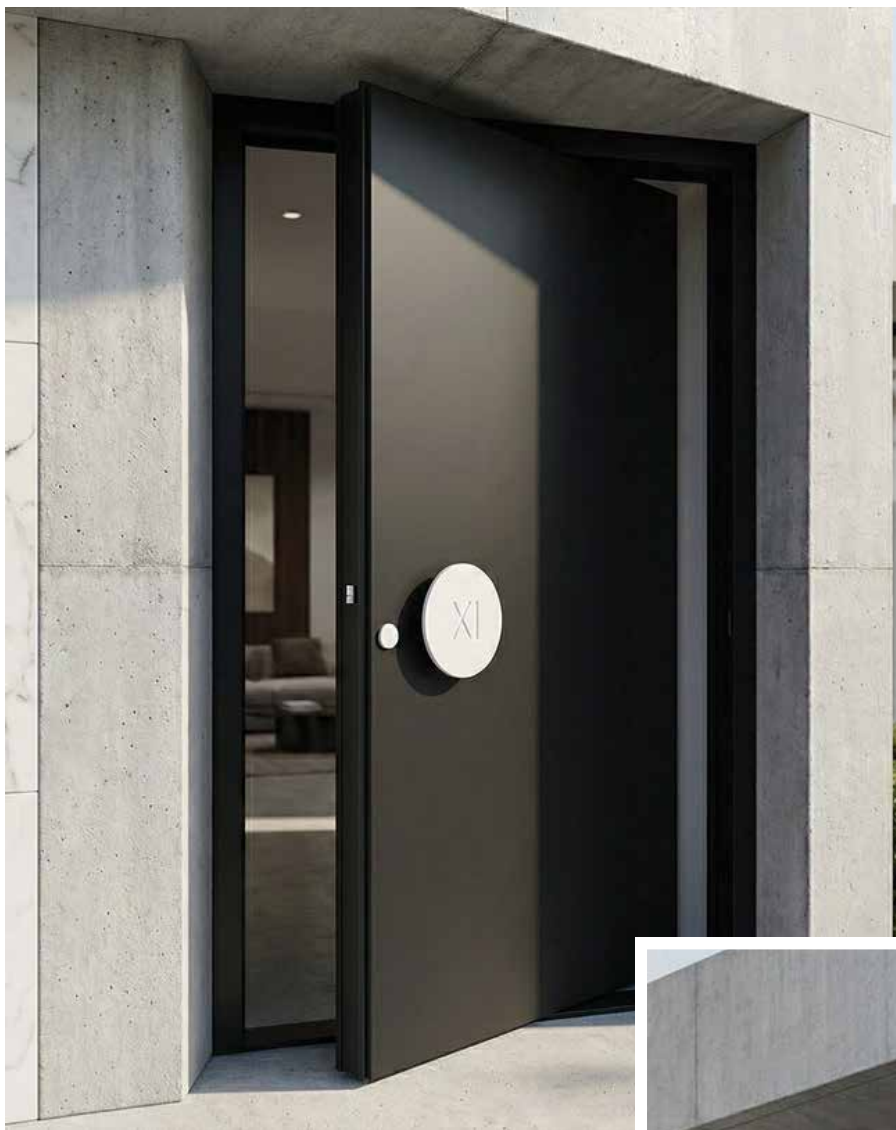

Sculpted for statement entrances, Sierra brings depth, rhythm, and cultural elegance to modern spaces—where craftsmanship tells a story through every touch.

**Sizes:**

- 15 cm
- 30 cm

# Azur

The Art of the Essential

Break away from the linear with the Azur pull handle. A perfect disc of minimalist design, crafted to turn every entrance into a gallery-worthy statement. Available in three signature finishes to complement the raw textures of stone, wood, and metal.

**Sizes:**

- 15 cm

# Aura

Softness in Structure

The Aura handle is a study in semicircular elegance.

Moving away from sharp edges, it embraces a gentle, half-moon silhouette that feels as natural as it looks.

Its substantial, solid form provides a confident grip while maintaining a low-profile, minimalist aesthetic that integrates seamlessly with modern cabinetry and interior doors.

**Sizes:**

- 15 cm

# Leaf

Where Nature Meets Design

Bring a natural touch into your home with our Leaf pull handles. More than simple hardware, each piece is crafted like a small sculpture, adding organic texture and character to your kitchen cabinets or vanity.

With carefully detailed veins and a strong, solid finish, every handle reflects the natural beauty and uniqueness found in nature.

The perfect finishing detail for a home that feels alive.

**Sizes:**

- 8 cm

# Allure

Precision in its purest form

Minimal yet striking, the 15 cm Allure handle is defined by clean geometry and refined balance.

Crafted to complement contemporary architecture, its sculpted form brings subtle character to doors while maintaining a sleek, modern presence.

A detail designed to elevate everyday spaces through simplicity and precision.

**Sizes:**

- 15 cm
- 30 cm

# KAYA

Understated elegance at the threshold

Defined by clean lines and a refined presence, KAYA is designed to complement contemporary spaces with quiet sophistication.

Its balanced proportions and smooth finish create a subtle yet distinctive detail—proving that true design often speaks through simplicity.

**Sizes:**

- 30 cm

# DROP

A singular, sculptural statement

Capturing the organic grace of a single droplet, DROP brings fluid geometry to bespoke cabinetry.

Its distinctive asymmetrical silhouette and deep matte black finish create a striking yet balanced focal point proving that the most captivating design is often found in the finest details.

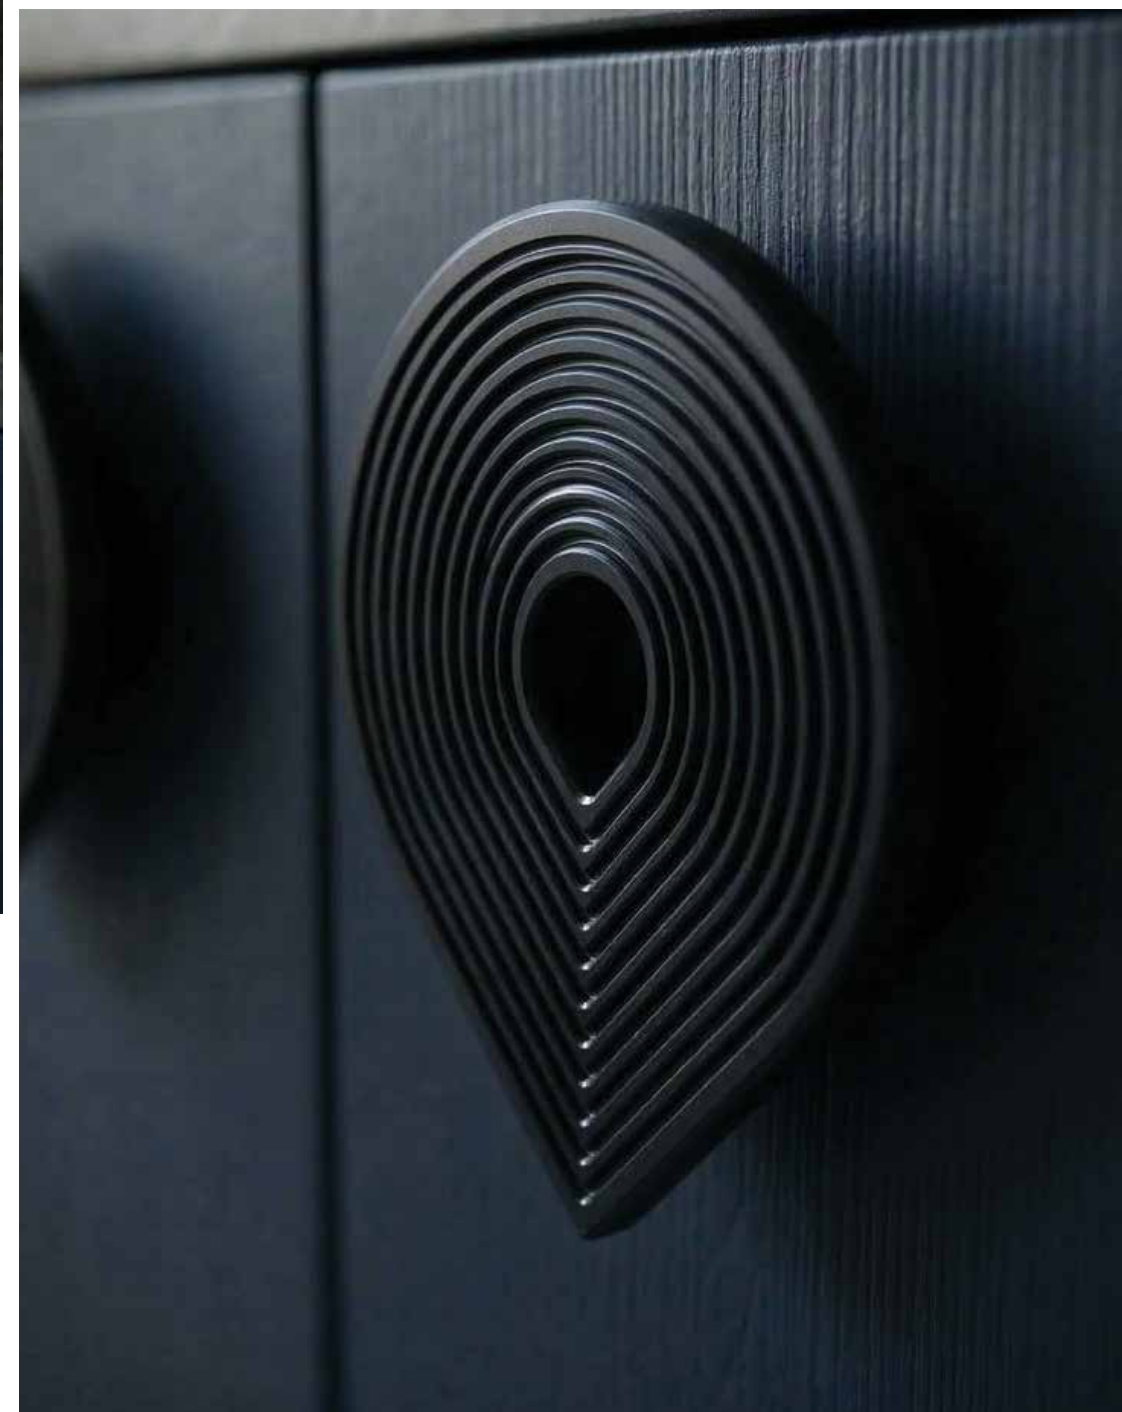

**Sizes:**

- 7 cm

# LOTUS CH

Sculpted harmony in form

Inspired by the quiet elegance of layered petals, **LOTUS** brings movement and depth to modern cabinetry.

Its flowing concentric lines create a striking yet balanced presence, transforming a functional element into a refined architectural detail.

**Sizes:**

- 7 cm

# ZAHO

Minimalist elegance, redefined

Inspired by clean lines and geometric precision, **ZAHO** elevates modern doors with its understated yet powerful presence.

Its sleek rectangular form blends functionality with refined design, turning a simple handle into a statement of architectural sophistication.

**Sizes:**

- 30 cm

# HEXA

Geometry in its purest form

Defined by its bold hexagonal silhouette and refined edges, **HEXA** brings a contemporary architectural touch to any space.

Its clean geometry and solid presence create a statement of balance and precision, where form meets function with effortless elegance.

**Sizes:**

- 4,5 cm
- 6 cm
- 10 cm

# Customized Carre Model

The definition of a modern office aesthetic

Define your entrance. The sleek, matte black door to Box 1, with its towering, custom-integrated vertical pull handle, a statement in dark, brushed metal.

Every detail is considered, from the tactile finish to the integrated unit text.

## Sizes:

- 50 cm
- 100 cm
- 150 cm
- 200 cm
- 250 cm

# BTM Round Model

Where form flows effortlessly into function

With its sleek cylindrical body and softly curved supports, embodies a refined balance of strength and fluidity.

Designed for modern spaces, its minimalist silhouette delivers a confident yet understated presence, proving that simplicity can leave a lasting impression.

**Sizes:**

- 50 cm
- 100 cm
- 150 cm
- 200 cm
- 250 cm

# BTM Rectangular Model

Redefining the modern entrance

Great architecture is all about proportions and details. Our Entrance Pull is designed specifically to complement oversized doors, bringing a seamless, modern edge to luxury residential projects.

The matte black finish offers a striking contrast against natural wood and stone textures.

**Sizes:**

- 50 cm
- 100 cm
- 150 cm
- 200 cm
- 250 cm

# BTM PLATE

Bold minimalism, tailored to scale

Defined by its sleek linear form and architectural presence, **BTM PLATE** is designed to adapt seamlessly across different heights.

Whether subtle or statement-making, its clean profile enhances the vertical rhythm of any door, bringing balance, precision, and modern elegance to every space.

## Sizes:

- 50 cm
- 100 cm
- 150 cm
- 200 cm
- 250 cm

# LINEA

Precision in every proportion

Designed as a seamless extension of the door, **LINEA** embodies clarity, balance, and refined minimalism.

Its elongated form and customizable heights create a striking vertical statement, tailored to elevate each entrance with architectural intent.

**Sizes:**

- 50 cm
- 100 cm
- 150 cm
- 200 cm
- 250 cm
